

Greetings

We are praying for each of you as we continue towards the start of the next school year. As you read through the updates and fun activities happening this summer, please reach out with questions or topics you would like included in future publications.

-Your Portals Team-

Book Orders Due July 1st!

The book order deadline is fast approaching! If you plan to order books through Portals, you will need to complete your order on the website no later than July 1st. Alternatively, you can use your public library resources or purchase used books to keep the costs low.

Automated Lesson Plan Delivery

In order to provide you with the best user experience, Portals is developing a system for automatic delivery of daily lesson plans. You will be able to select your preferred delivery date, as well as frequency of delivery.

You will receive your lesson plans based on the learning levels that you purchased, as well as the Math and Reading levels that you selected for your students.

Moving forward this will allow features like "pause" for vacations, and more customization..

Thank you to Greg Malinowski, our talented Computer Programmer for leading this initiative and making it easier for families and schools to access materials needed to provide children with a high quality Christian education!

Water Color Paint Camp for Kids

Do your kids love art? Sign them up for a mini watercolor paint camp! Hosted by local artist and elementary art teacher, Alyssa Whetstone will teach your kids the principles of painting with water color from her home studio. Classes are open to ages 8-15, and will take place July 18-20th from 9:00-11:30am. Young artists can sign up to attend one, two, or all three days. Each day gives them the opportunity to create a new masterpiece. Check out Alyssa's website and sign up for classes at the following [link](#).
